## BOLD MOVES.

This year marks my 10th anniversary as owner of TL at Home and the Traditions brand. In recognition of this major milestone I am taking deliberate steps to take care of my company and myself in refreshing new ways. In assessing what is important in my life and my business, the themes that emerge aren't surprising at all: I value time with family and friends, and I value the relationships I've created through the amazing design community of retailers, interior designers, vendors, partners, employees, territory managers, makers, coaches and more. At the end of the day, I want to put more emphasis on growing these relationships in significant and conscious ways. The changes are evident in my personal choices and in our Winter 2022 Collection, and I'm so excited to share it all with you! Focusing on a warm palette of caramel, true grey and marshmallow, with elegant pops of mist and bordeaux, this season is all about textures (of course), natural fibers and falling into our deepest dreams of everyday luxury living.

I'll be working differently this year, returning to a new home base for my family in Downeast Maine. My collection and my staff are staying put in the beautiful Hudson Valley of New York, giving me the perfect excuse to enjoy the best of both places. Of course, I'll still be on the road at trade shows and, hopefully, visiting you at your retail store or design center one of these days very soon.

This pivotal new year we will be celebrating our accomplishments and our many new endeavors, and we want you to be part of it all. Keep up with our special events via our TLatHome.com website, weekly blog, bi-monthly digital newsletter, and social media on Instagram + Facebook.

We are living our dreams. We are "Made with love."

We invite you to join us all along the way.

With   
Shari

Now that you have found a fabric you love, let's talk about what can you do with it. This is where our expertise in "made to order" comes in. Our production team will make sure that your order is processed with superior attention to detail to make sure your order comes to you exactly as you expect it to. We make duvet covers, shams, decorative pillows, and we sell all the fabrics by the yard.

Made to order duvet covers start with one of our fashion fabrics. Choose your fabric, and then decide if you'd want it to reverse to self or to sheeting quality percale. Your duvet cover will have a hidden zipper closure at the bottom and interior ties to hold your duvet in place. We make our duvet covers one at a time, so if you wanted something customized, just ask! If we can do it, we are happy to provide a quote.

Made to order shams start with one of our fashion fabrics. Choose your fabric and then decide if you want it to have a plain edge, or one of our other construction options. Your retail store or designer can help you decide what is right. Your shams will have an envelope closure in back and are shipped flat, but we do sell down and alternative down sham fillers for every size.

Made to order decorative pillows start with one of our fashion fabrics and are finished with a hidden zipper. With so many styles, finishes and trims look out for all the possibilities. Decorative pillows are priced with a down form included, but if you'd prefer an alternative down instead, please let us know.

There are some restrictions to what we can do with some of our fabrics, but if it is possible, we will make it happen! With a full range of sizes and custom capabilities, you are sure to find what you need. Please ask if you are envisioning something you don't see. Our team is focused on making your linens dreams come true.

## DECORATIVE PILLOWS

Let's get this pillow party started! When you are looking to refresh a space with pillows, look no further than the TL at Home collection. Offered in a range of fashion fabrics and stocked options, we have a decorative pillow for every space. Our prices include a 90/10 feather down form, and alternative down forms are available to substitute upon request.

## DECORATIVE PILLOWS

### VINTAGE VELVET

One of our favorite fabrics to make up into decorative pillows is our collection of silk and rayon Vintage Velvet. Offered in a range of delicious colors, these are fabrics that really need to be seen and touched to be appreciated!

Available either with a plain or corded edge, and finished with a hidden zipper closure, these pillows become the “jewelry” of your design. You’ll love the way this fabric picks up the light. What we love best is that it can be machine washed using a gentle detergent and either hung or tumbled dry on low heat.

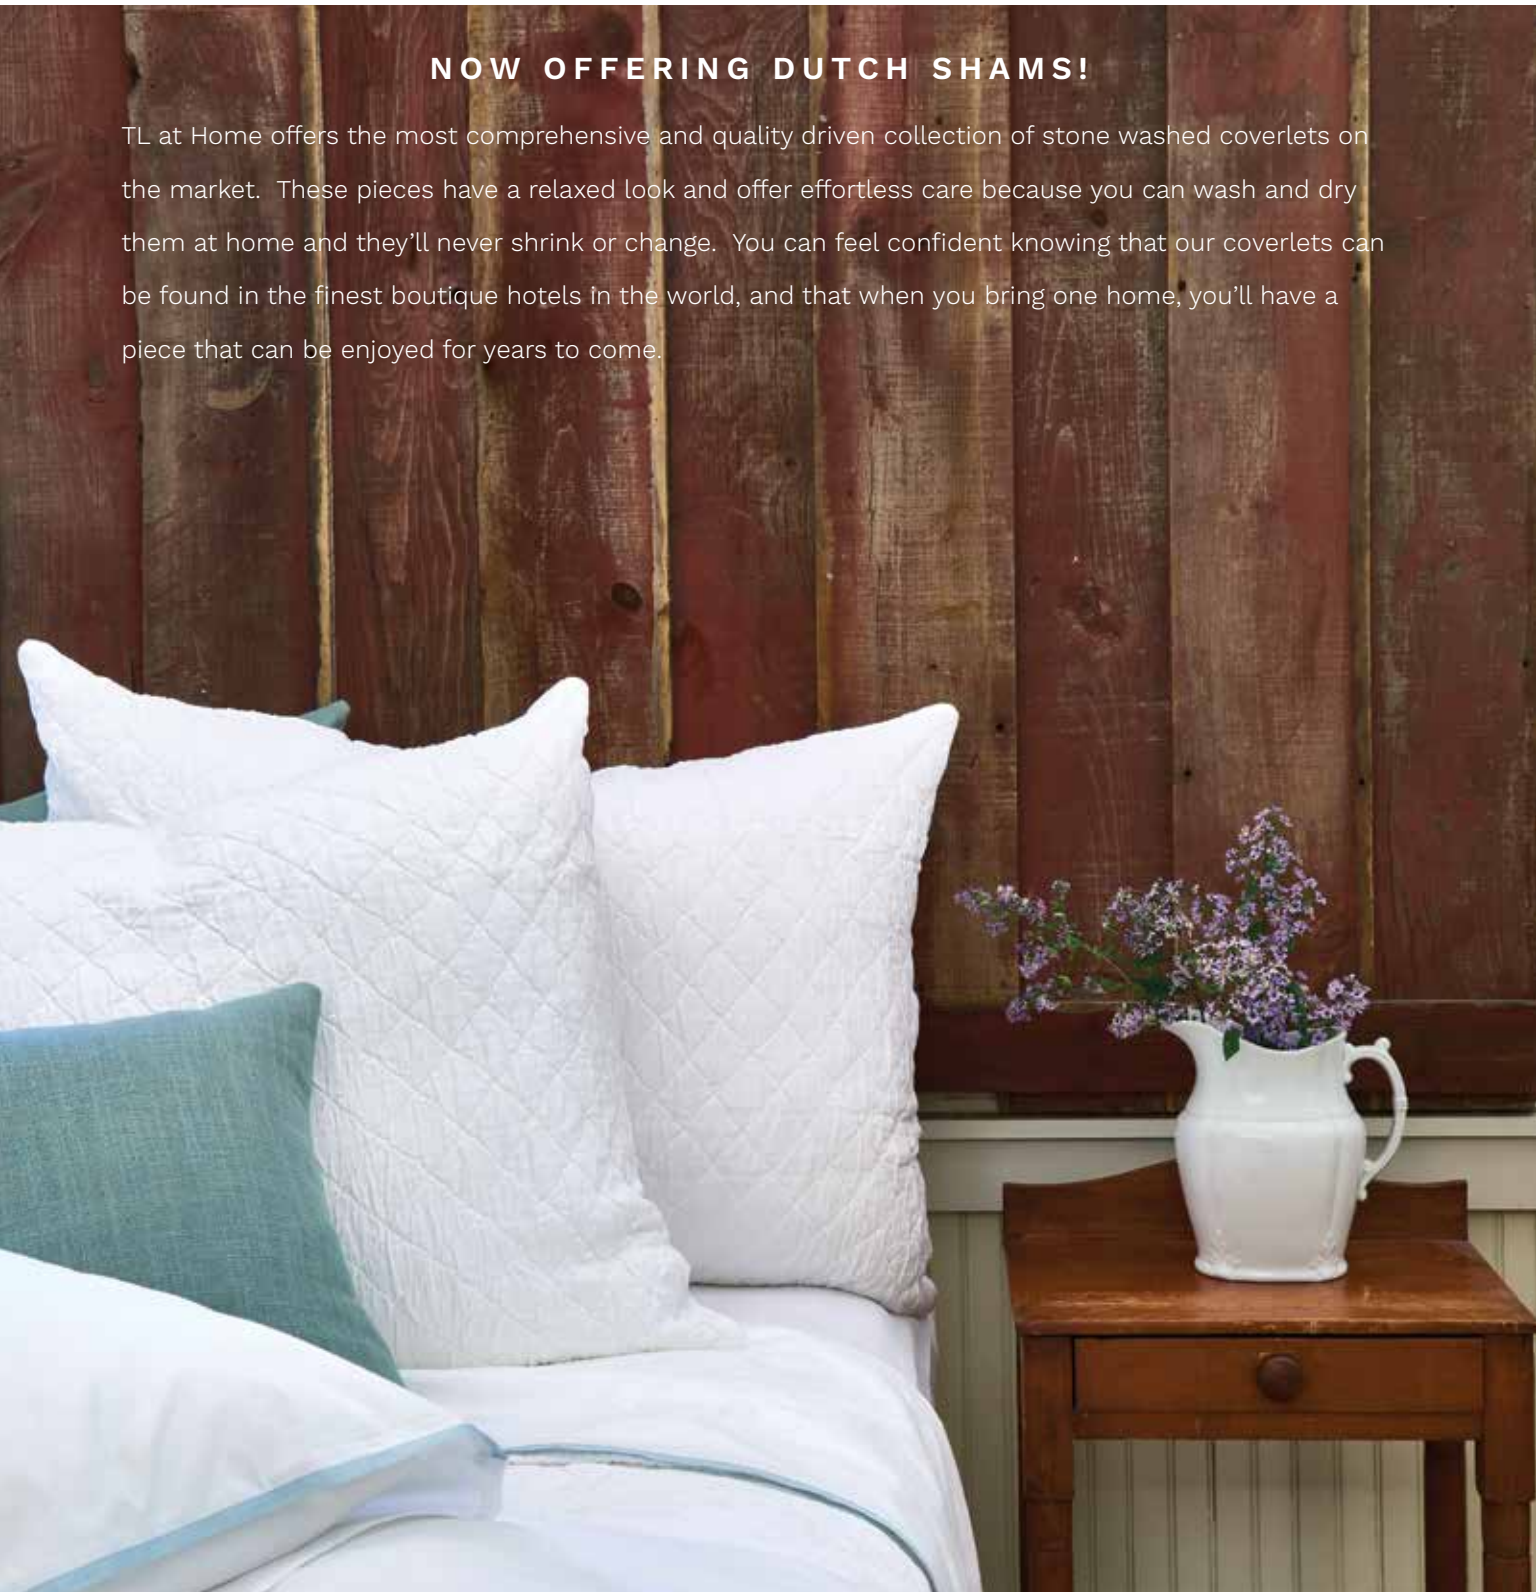

All Vintage Velvet products are made to order in Hudson, NY.

Besides decorative pillows, we also regularly use our Vintage Velvet for throws in two sizes, blankets, duvet covers, shams, and even bed skirts. We always sell our fabrics by the yard for custom projects as well.

**DUVET INSERTS, SHAM FILLERS AND PILLOW FORMS**

We all know that we spend much of our time in bed and if you're browsing these pages, you already value that time and want to fill your lives with the very best, most comforting, well designed and constructed linens you can. Given how much we invest in creating products that will enhance your experience in bed, we don't stop with the linens. Each of our down and down alternative products is made in the USA with painstaking attention to detail.

Our collection of duvet inserts, sham fillers, and pillow forms are crafted using the same attention to detail and commitment to quality as the linens themselves. As animal lovers, we are dedicated to care and welfare and promise that our products do not come from farms where health and safety practices do not meet our stringent standards.

Each of the items listed below are available in pure white down and also in an allergy free down alternative.

**DUVET INSERTS**

Our all-season premium snow-white goose down duvet inserts have 600 FP (fill power) covered in 100% cotton with double needle stitching, and cotton piping. We use 10" baffle box construction to keep the down in place. Our down is a unique three-dimensional cluster, with the ability to trap air and add warmth without weight. It's breathable and wicks away moisture while insulating. Allergy free alternative down is also available! Duvet Covers are sold flat, so please order your duvet inserts separately.
