A TRADITION OF LINENS

Our greatest satisfaction comes in bringing joy to others. Each morning starts with a goal to deliver to our clients, business partners, and friends. For 48 years, Traditions has designed and manufactured products that enhance families being together, celebrating and enjoying life at home. I love what we do here and I am proud of the company my mother in law founded, of the work I did alongside her for 21 years, and for our continued growth. As I begin my 30th year with TL, I am struck by how I felt working my very first trade show is the same gratification that I still feel when my designs are chosen to become a part of your family. As a company that supplies linens for brick and mortar retail stores, interior designers and the hospitality industries, we take our commitment to excellence seriously. Tradition is part of us, it is our heritage and it is our future; today, tomorrow and always. We are here for you. Thank you for being part of our story.

Now that you’ve found a fabric you love, what can you do with it? That’s where our expertise in “made to order” comes in. We make duvet covers, bed scarves, shams, decorative pillows, dust skirts, and we sell all the fabrics by the yard. We’ll make sure your order is produced with the finest attention to detail and to the highest standards.

Finishes include plain (knife) edge, flanged, corded, ruffled, and fringed. Because not every fabric is suited to every finish, consult your price list or ask your sales professional for help to determine what products can be made in the fabric of your choice.

Dust Skirts can be complicated, so we help to keep it simple by offering you lots of choices all for one price. Choose either traditional deck, or 3pc panel construction. Choose gathered or tailored skirt, split or continuous corners and whatever length drop you need. The price is always the same regardless of how you want it made.

With a full range of sizes and custom capabilities you’re sure to find what you need. Please ask if you’re envisioning something you don’t see. Our goal is to find a solution that helps you make your linens dreams come true.

S T O N E W A S H E D C O V E R L E T S

TL at Home offers the most comprehensive and quality driven collection of stone washed coverlets on the market. Our commitment to excellence makes our coverlets and their matching shams beloved by consumers and interior designers as well as the hospitality industry for the way they look the same wash after wash without shrinking or changing. The color stays the same, the size stays the same and you can expect years of enjoyment without any fuss. In order to arrive at our finished dimension, we start with fabric that’s been woven on a jacquard loom and then washed to shrink to it’s desired finished size. Each of our designs will have a different shrinkage rate determined by the pattern. For this reason, the finished dimensions listed for stone washed coverlets will be approximate but not smaller than those listed for each design.

BLAIR COVERLET Featuring an all over diamond design, the classic matelasse pattern and finished with our stone washing process, this classic coverlet is a TL favorite for bedrooms that are traditional, modern, classic, transitional, and anywhere you want a finished layer that helps your other layers, patterns and textures shine. We all know that we spend much of our time in bed and if you’re browsing these pages, you already value that time and want to fill your lives with the very best, most comforting, well designed and constructed linens you can. Given how much we invest in creating products that will enhance your experience in bed, we don’t stop with the linens. Each of our down and down alternative products is made in the USA of imported materials.

Our collection of duvet inserts, sham fillers, and pillow forms are crafted using the same attention to detail and commitment to quality as the linens themselves. As animal lovers, we are dedicated to care and welfare and promise that our products do not come from farms where health and safety practices do not meet our stringent standards.

It’s breathable and wicks away moisture while insulating. Allergy free alternative down is also available! Duvet Covers are sold flat, so please order your duvet inserts separately.
