

Legacy. Quality. Service.

This year marks the 47th anniversary of **TL at Home**. That's almost five decades of history, expertise and dedication to our business and, most of all, our valued customers. There is much to celebrate as we reflect on our roots, build on our successes and embrace new beginnings in our forever-changed world.

We take great pride in the three pillars that define **TL at Home**:

LEGACY

Originally known as "Traditions" when it first opened its doors in 1974 by industry icon Pamela Kline, **TL at Home** is a second generation family owned and operated company that is a proven and steadfast source of luxury linens to designers, retailers, the hospitality trade and consumers alike.

At the company's helm as president for the past 19 years and owner + creative director since 2012, Shari Kline (daughter-in-law to Pamela) has consistently grown the business while adeptly evolving its luxury linens product offerings and customer service to the specific style preferences and unique needs of today's customers.

QUALITY

Made from the finest fibers and fabrications and to the highest standards, our complete collection - bedding linens, bath ensembles and accessories - is tailored to a range of customers, including brick-and-mortar retailers, e-commerce sites, upstairs catalogs, the interior design + decorator community, hospitality properties and more.

We operate a cut-and-sew facility at our Claverack, NY headquarters, that is fully staffed with expert sewists, to serve our significant custom-order business. And our on-site warehouse is always well-stocked with our most current and popular European linens.

SERVICE

Customization is core to our customer service. We understand the heightened need for more personalized products, which is why our custom-order business can handle a wide assortment of customer requests. That includes COM (customer owned material), and much more.

Reliable delivery is another point of differentiation for **TL at Home**. We've recently accelerated our shipping times to 48 hours for in-stock orders AND just 3-4 weeks for custom orders (made from our extensive in-house line of fashion fabrics).

And best of all, at **TL at Home** we live up to our ethos: Everything we offer is "Made with LOVE."
